How To Draw A Hedgehog.

It's fun to draw hedgehogs. Here is a simple way to draw one:

1. Draw an egg shape with a pencil.
2. Take an eraser. A curved line will make the face.
3. Add a line for where the prickles begin.
4. Now he or she will need a nose, a mouth, an eye, an ear and lots of prickles. And, don't forget, feet!

When you draw your hedgehog's features, you'll notice, that even the smallest change will give your animal a different expression. That's why each hedgehog you create will be unique.

Now draw your own hedgehog family!
